**SUPPLEMENT TO SPRINT PCS  
PHASE II IMPLEMENTATION REPORT**

On December 18, 2000, Sprint Spectrum L.P. d/b/a Sprint PCS received a request from the Wireless Telecommunications Bureau ("Bureau") seeking additional information regarding its Phase II Implementation Report filed on November 9, 2000. Specifically, the Bureau requested information addressing the status of the TRS number for each entity identified in Attachment A to Sprint PCS' Compliance Report. Pursuant to that request, Sprint PCS provides the following information.

1. Sprint Spectrum L.P. is the primary operating company through which various licensed entities provide CMRS service and through which TRS reporting is completed. Sprint Spectrum L.P.'s TRS number is 811754. WirelessCo, L.P. and PhillieCo, L.P. are separate licensed entities operating through Sprint Spectrum L.P. and they use the same TRS number, 811754. SprintCom, Inc. is also a separate license holder doing business through Sprint Spectrum L.P., but SprintCom, Inc. has been given the separate TRS number of 818104. Cox PCS License, L.L.C. is a separate license holder doing business through Sprint Spectrum L.P. and is wholly owned by Cox Communications PCS, L.P. Cox Communications PCS, L.P. has been given the TRS

number 812437. Finally APC PCS, L.L.C. is a separate license holder doing business through Sprint Spectrum L.P. and is wholly owned by American PCS Communications, L.L.C. American PCS Communications L.L.C. has been given the TRS number of 811156. Sprint Spectrum L.P., WirelessCo, L.P., PhillieCo, L.P., Cox Communications PCS, L.P. and American PCS Communications, L.L.C. are all indirect, wholly-owned subsidiaries of Sprint Corporation.

2. Sprint Spectrum L.P. also provides service through the use of network managers. These entities do not hold licenses, but instead provide service under the direction and control of the respective license holders and their licenses as identified above. These network managers are not separate telecommunications carriers and do not hold TRS numbers. The network managers are: AirGate PCS, Inc., Alamosa Wisconsin Limited Partnership, Bright Personal Communications Services, LLC, Enterprise Digital PCS, L.L.C., Enterprise Wireless, L.L.C., Georgia PCS Management L.L.C., Gulf Coast Wireless Limited Partnership (formerly Meretel Limited Partnership), Horizon Personal Communications, Inc., Independent Wireless One Corporation, iPCS Wireless, Inc., Louisiana Unwired LLC, Northern PCS Services, LLC, Roberts Wireless Communications, L.L.C., Shenandoah Personal Communications Company, Southwest PCS, L.P., Texas Telecommunications, L.P., Texas Unwired, UbiquiTel Operating Company, and Washington Oregon Wireless, LLC.

3. Finally, in certain markets Sprint PCS service is provided by firms holding their own radio licenses. These firms include VIA Wireless, LLC (formerly, Central Wireless Partnership), TRS number 815248, Louisiana Unwired, LLC, TRS number 817572 and Brookings Municipal Utilities (d/b/a Swiftel Communications), TRS number 806727.

Respectfully submitted

**Sprint Spectrum L.P. d/b/a Sprint PCS**
